

Dear Friends,

It has been my desire for some time to have a college in West Georgia where people can prepare for the ministry. Deciding to go away to college can be a difficult decision, especially if it involves selling a home, finding a new job, or uprooting a family. West Georgia Baptist College offers people in the Atlanta area the opportunity to achieve a 4-year degree in Pastoral Theology or General Studies without leaving their home, church, job, or family. Our evening classes allow students to further their education while continuing to work. At WGBC, classes are taught by trained and experienced faculty who are involved in an exciting, growing church ministry. Our goal at WGBC is to emphasize soul-winning while upholding the highest academic standards. Come be a part of the WGBC family and prepare to serve our Savior.

Sincerely,
Dr. Bill Wininger
President

WHY YOU SHOULD CONSIDER

WEST GEORGIA BAPTIST COLLEGE

PRACTICAL APPROACH

Learn from those who are already successful in the ministry. WGBC emphasizes the "how to" approach to learning.

FLEXIBILITY

Our evening classes make it possible for students to continue their education without leaving their present employment. At WGBC we are aware that everyone has a busy schedule; therefore, each class meets only one night per week.

PERSONAL ATTENTION

We see our college as a ministry, not an institution. We want to help you the student to reach your full, God-given potential.
